WORKING FAMILIES BALLOT GUIDE

Mail in Ballot by **October 23** | Put in Drop Box by **7PM November 3**

EN ESPAÑOL

More than half of the ballot measures this year are funded by **radical and powerful conservative special interest groups** working to keep the rules rigged against working people and families. The most prominent of these groups are **Advance Colorado**, a network of coordinated think tanks, media outlets, and advocacy groups funded by greedy corporations and the ultra-wealthy. ✗
NO

AMENDMENT 81 EXPAND COOPERATION WITH ICE

Backed by conservative dark money group Advance Colorado, this would force state and local law enforcement to collaborate with ICE. It permanently changes our state Constitution and raises concerns about due process, racial profiling, and destroying trust between immigrant communities and local government.

✗
NO

AMENDMENT 82 PROTECTION FOR CORPORATE POLLUTERS

Advance Colorado wants to lock protections for the oil and gas industry into our Constitution and roll back regulations that protect our air, land, and water. It could also let monopoly utilities raise rates to pay for pipelines and hookups to massive data centers.

✗
NO

AMENDMENT 83 LEGALIZE CRUEL PRACTICES IN HUNTING AND FISHING

Coloradans already enjoy the right to hunt and fish. This unnecessary amendment – backed by groups like the National Rifle Association and Advance Colorado – would allow cruel practices like steel-jawed leghold traps and killing contests that were banned years ago.

✗
NO

AMENDMENT 84 MAKE IT HARDER TO VOTE BY MAIL

Colorado already has secure vote-by-mail. This amendment adds new ID requirements that could cause more ballots to be rejected or delayed over paperwork mismatches, creating new barriers for eligible voters.

✗
NO

AMENDMENT 85 MISLEADING BALLOT DESCRIPTIONS

This Advance Colorado-backed measure requires ballot descriptions to be written at an eighth-grade reading level, even though Colorado already requires clear and accessible ballots. It could allow key information, like tax tables, to be left out of ballot descriptions.

✗
NO

AMENDMENT 86 PROTECT REPUBLICANS IN REDISTRICTING

This pretends to put guardrails around mid-decade restricting. But, it is actually a conservative attempt to prevent them from losing more congressional seats as CO becomes more progressive. It is funded by wealthy special interests including Advance Colorado that are pushing other MAGA ballot measures.

 YES	AMENDMENT 87 TAX THE RICH	Replaces Colorado's regressive flat income tax with a graduated tax that raises rates on the wealthiest Coloradans and biggest corporations. 97% of Coloradans would get a tax cut while an estimated \$2.7 billion would fund schools, childcare, and healthcare.
 YES	PROP NN YES FOR COLORADO KIDS	Raises Colorado's budget cap by 2% annually for the next decade, freeing up more funding for K-12 schools. The funds would support teacher pay, smaller class sizes, and career and technical education.
 NO	PROP 132 PRIVATE PRISON CASH GRAB	Backed by Advance Colorado, this cruel measure won't solve the drug crisis, but will massively expand profits for the private prison industry. It would subject teens who share pills they don't even realize contain fentanyl to a mandatory minimum felony sentence of 8-32 years in prison. It also strips existing Good Samaritan protections, and might make bystanders who witness an overdose hesitate to call 911.
 NO	PROP 133 AN UNDERCOVER ATTACK ON REPRODUCTIVE FREEDOM	Sponsored by Protect Kids Colorado, a conservative anti-LGBTQ and anti-abortion advocacy group. This measure is intentionally designed to create new opportunities to label individuals and organizations who assist minors to access reproductive healthcare as "traffickers." It also may lead to victims of trafficking being subjected to harsh criminal penalties, as it removes a judge's discretion during sentencing.
 NO	PROP 134 PUTS KIDS IN HARM'S WAY	This creepy ballot initiative would subject any kid who plays K-12 and collegiate sports (including intramural, after-school, and all public, private, and charter schools) to invasive and humiliating gender checks. It is backed by conservative anti-LGBTQ organization Protect Kids Colorado.
 NO	PROP 135 A THREAT TO FAMILY RIGHTS	Colorado families already trust their doctors to make the most important medical decisions. This measure, backed by conservative anti-LGBTQ organization Protect Kids Colorado overrides that trust by banning gender-affirming care for anyone under 18 – even when parents and doctors agree it's necessary. and opening the door to doctors refusing unrelated care, like treatment for reproductive cancers, out of fear of legal risk.
 NO	PROP 136 THE MILLIONAIRE PROTECTION ACT	Dark money group Advance Colorado is big mad about Taxing the Rich (Amendment 87), and this is their clapback. This measure doubles down on our current, regressive tax system that prioritizes the profits of corporations and the wealthiest Coloradans over funding what our communities need most – like schools and roads.
 YES	PROP 137 DIRECTING TAXES FROM SPORTING GOODS TO CONSERVATION	This would take the sales tax money already collected when Coloradans buy tents, paddleboards, or bicycles and redirect it to wildfire prevention and conservation instead of refunding it to taxpayers in TABOR surplus years
